TO REACH OUT TO THE WORLD.**

True King Productions is the only production company that offers dioceses and businesses across the nation the ability to have their own economical hands-free radio or video broadcasting network.

We take care of everything for a fraction of the cost it would take to purchase all of the hardware and software needed, including hiring a salaried IT-team. We provide all of the software and in-house servers necessary to run a professional 24/7 international radio or video network totally hands-free.
